“Be the change that you want to see in the world.”

Summary

Highly motivated web developer with expertise in front-end and full-stack development. Certified in OFFPT (Full Stack Development) as well as Scrimba's Bootcamp (The Front-End Career Path), proficient in HTML, CSS, JavaScript, and React. Advanced skills in JavaScript, including asynchronous programming, OOP and DOM manipulation, gained through Udemy's courses and freecodecamp. Knowledgeable in PHP, Laravel, and MVC pattern from Udemy's "Let's Learn Laravel" course. Capable of building dynamic web applications with PHP PDO. Committed to continuous learning and staying updated with the latest industry trends. Ready to contribute to modern web projects with creativity and efficiency.

Certifications

Scrimba (Bootcamp)

Oslo, Norway

THE FRONT END CAREER PATH

Sep. 2022 - Sep. 2023

The Scrimba Front-End Career Path certificate is highly relevant as it equipped me with practical skills in HTML, CSS, JavaScript, and popular frameworks like React. I gained hands-on experience through real-world projects, enabling me to create responsive and user-friendly websites. The certificate emphasizes continuous learning, ensuring I stay updated with the latest industry trends. Overall, it prepares me to excel in a front-end development role and contribute effectively to modern web projects

Udemy

San Francisco, U.S

MODERN JAVASCRIPT

Jun. 2021 - present

I covers essential JavaScript fundamentals, including variables, loops, and functions. It delves into advanced topics like asynchronous programming, OOP, and DOM manipulation. Additionally, the course provides insights into modern tooling with Webpack, Babel, and NPM, along with practical experience in building a full-stack project with Node.js, Express, and MongoDB.

LET'S LEARN LARAVEL: A GUIDED PATH FOR BEGINNERS

Jun. 2023 - Aug. 2023

The course goes beyond Laravel-specific topics by guiding learners on how to set up their personal computers for Laravel practice. By the end of the course, students are equipped with the knowledge and tools to build well-structured, organized, and functional web applications using Laravel with confidence.

Udemy
